Did you know Muscular-Skeletal Disorders (MSDs) affect more than 50 percent of Dental Professionals?

MSDs is the leading cause for premature retirement in clinicians under the age of 50.

Pain and discomfort are often the result of improper patient positioning caused by physical impairments and obstructions that limit access to the patient's oral cavity. **"When a patient is positioned incorrectly, preventing proper ergonomic access to the oral cavity, the clinician has to bend at the lower back, and elevate and rotate their shoulders. If repeated continually, these Class 4 and 5 movements can create long-term or permanent MSDs."** - Dr. Mark Tholen, DDS, MBA and expert in Ergonomic Office Design. To learn more about the Ergonomics Evaluation Clinic and MSDs, go to ergonomics.pelton.net.

Hinman invites you to the Ergonomics Evaluation Clinic to have a complimentary evaluation on the Hinman Exhibit Floor, booth #201. Hinman has partnered with Pelton & Crane to help bring awareness to the health implications of muscular-skeletal disorders (MSDs) effecting the majority of dental professionals. Practicing Physical Therapist and American Dental Association Ergonomics & Disability Support Advisory Committee Member, Timothy J. Caruso, leads the team of experienced ergonomic professionals in identifying some common risk factors of MSDs. **The Clinic is free to attend.** Participating dental professionals can expect expert advice on **proper posture and dental ergonomics**, and will learn how access defines health for the dental team.

"Dentistry is one of the few professions that actually accepts pain as part of the daily routine" - Timothy J. Caruso.

International Pemphigus & Pemphigoid Foundation

227

1331 Garden Highway, Suite 100
Sacramento, CA 95833
p: (916) 922-1298
w: pemphigus.org/awareness

The International Pemphigus & Pemphigoid Foundation's most important objectives are to provide patients and doctors worldwide with information about pemphigus and pemphigoid, and to provide patients and their caregivers much needed comfort and support so they can continue to live active, productive lives. The IPPF Awareness Campaign seeks to reduce the amount of time it takes a patient to receive a pemphigus vulgaris (PV) or mucous membrane pemphigoid (MMP) diagnosis. The average pemphigus or pemphigoid (P/P) patient sees five doctors during ten months in search of a diagnosis. Since the majority of P/P patients present oral symptoms first, the Awareness Campaign focuses on PV and MMP — two forms of P/P with increased presentation in the mouth. PV/MMP patients often see a dentist as one of their first clinician contacts. Outreach is, therefore, directed to dental professionals, who have the unique opportunity to shorten diagnosis times.

You Help the Hinman Dental Society Help Future Dental Professionals

Did you know every time you come to the Hinman Dental Meeting, you are supporting students entering the dental profession? That's right! Whenever you register for the Hinman Meeting, purchase a course or raffle ticket, or shop in the exhibit hall, you are helping Hinman provide scholarships and educational support to schools throughout the Southeast.

Since 2008, the Hinman Dental Society of Atlanta has contributed almost \$8 million dollars to benefit students and dental education. Dr. Hinman believed in dentists sharing their time, talent and resources with each other to continue to improve the profession and the care provided to patients. Those beliefs were the stepping stones that created the Thomas P. Hinman Dental Meeting more than 100 years ago. Because of your continual support and attendance, our organization carries on these traditions and will keep on giving.

Today, net proceeds from the Hinman Dental Meeting are used to provide scholarships annually to:

- 24 dental students from 11 dental colleges,

Doctors Chip Mohme and Jonathan Dubin present scholarships at the Dental College of Georgia at Augusta University.

Hinman Trustee Dr. Richard Goodroe congratulates Hinman scholars at the annual Scholarship Luncheon.

- 51 dental hygiene students from 24 colleges,
- 12 dental assistant students from 13 programs, and
- four laboratory technicians from two programs.

Each year, Hinman invites these scholarship winners to attend the Meeting as our guests and recognizes the students in a scholarship luncheon at the Georgia World Congress Center.

One of this year's Hinman Scholars is Ms. Elizabeth Alston, from Meharry Medical College. "This gift has allowed me to continue to learn to become an excellent dental provider while removing some of the financial burden of dental school," Alston shared. "It has enabled me to focus more on my studies and on patient care."

Additionally, the Hinman Dental Society of Atlanta has endowed — and continues endowing — chairs or professorships at Augusta University, the University of Tennessee, the University of North Carolina and the University of Alabama. And each year, the Society partners with the University of Tennessee to sponsor the Hinman Dental Student Research Symposium, which brings together students from the U.S. and Canada.

Note: The above direct quote is from materials provided by or published by the Hinman Dental Society of Atlanta and are used with permission of the society.

Earn Credit for Sessions You Attend

ACCREDITATION AND CONTINUING EDUCATION CREDIT

The Hinman Dental Meeting uses a computerized accreditation process. Attendees who register for courses will receive a ticket listing the course and speaker for each class.

Hinman provides **one hour of credit for each hour of lecture**, unless indicated otherwise under the course description.

Computerized continuing education certificates can be printed at the two locations shown below during the Meeting.

Exhibit Hall, Cyber Center and CE Printing Stations

Thursday 11 a.m.–5 p.m.
Friday 9 a.m.–6 p.m.
Saturday 9 a.m.–3 p.m.

Registration Hall

Saturday..... 1–5:30 p.m.

HANDOUTS

In an effort to be more environmentally friendly, we will not print handouts for the Meeting. If needed, handouts will be available online through May 6.

After the Meeting, you will be able to print your continuing education certificate at **hinman.org**.

ACADEMY OF GENERAL DENTISTRY

Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement.

You're invited

Friday, March 18 @ 7-10:30 p.m. | Georgia Dome | Event Fr407
\$10 per person (all registered meeting attendees eligible)

EVENT DETAILS

Hinman's Night Out is an all-new event experience that you don't want to miss! All registered attendees are invited to a night of Dancing in the Dome.

Dance the night away with Starstruck, a west coast-based band bringing us an unforgettable show that highlights the classic hits and today's favorites in an impressive venue.

The party will highlight music through the decades, complete with go-go dancers, decade-themed booths, photo opportunities, interactive games and a variety of food and beverage stations. Attire: Dressy Casual.

HIGHLIGHTS

Make the most of the evening by dressing in attire from your favorite decade. For those who participate, there will be a **costume contest** with cash prizes at 8:15 p.m.

A **parachute drop** takes place at 9:15 p.m. with \$2,500 in prizes. Make sure to be present for a chance to win!

HOW TO GET THERE

The Hinman hotel shuttle routes will run until 11 p.m. (the Omni Hotel is an additional stop during this time only). The Dome is within walking distance of the GWCC. Parking is available in the Gold lot for \$10.

TICKETS

The \$10 entry ticket includes a variety of food stations and two drink tickets redeemable between 7 and 9 p.m. for beer or wine for attendees over 21 years of age. Other beverages will be available for purchase and cash bars will remain open until 10:30 p.m.

Everyone attending MUST register for the event; tickets are required for entry. Visit Hinman Registration or login to your online registration to purchase tickets.
