Dr. Jim Roos, General Chairman; Dr. Jonathan Dubin, President; Dr. Brad Greenway, Program Chairman; and Dr. Kate Robinson, Program Chairman, assembled an outstanding program and memorable Hinman 2016 meeting. "We were especially proud of the Mini-Residencies; the G.O.L.D. President's Message

Another Successful Year for Hinman

Jonathan Dubin

Hinman 2016 was a beautiful success and that is not surprising with General Chairman, Jim Roos, his Program Chairmen, Brad Greenway and Kate Robinson, and all of our members who 'work' the meeting. Each year, it never ceases to amaze me how well organized and executed our meeting is. That is a reflection of you, the members, and our amazing staff. Our Executive Director, Sylvia Ratchford, is celebrating 20 years with us and leads what is unequivocally, the finest, most dedicated, and nicest staff of any dental meeting in the world. I can't tell you how good it feels to have speakers and attendees come up to me during the meeting or write to me after the meeting about how well the meeting is run or how much they enjoy the 'Hinman' experience. I suppose it is like a parent being complimented on how well your children have turned out. The

Hinman experience starts with hospitality and continues with the finest continuing education and social events. The icing on the cake is the scholarships that we are able to gift with any profits at the meeting. Speaking of which, Laura Steele's Hinman Shop raised additional dollars for scholarships while outfitting many attendees with stylish Hinman shirts and hats (and don't forget the Hinman Yeti cups!).

This year's G.O.L.D. program 2.0 was a success as well as the other innovations that Dr. Roos and his team have brought to Hinman. From the mini-residencies in pediatric oral care, geriatrics, and cone beam technology to the lab tech day and the Total Health Pavilion, all seemed to be received well. The Keynote event was fantastic with Captain Phillips entertaining the audience with his story and message. I hope you were able to join us for the keynote and the reception at the Delta Flight Museum.

I have taken great pride in serving as your president this year. I'd like to once again thank Clayton Davis as my program chair; He finished our three membership meetings off with a new speaker, Mr. Brian Dodge, at the Fox Theatre in January. He delivered a wonderful, high-energy lecture that everyone enjoyed. Amy Kuhmichel and Heather Bussey were the hospitality chairs for our membership meetings and did an exemplary job. Jane Puskas led an illuminating task force on our future and Pat Yancey guided our nominating committee. I can't say enough about all of the Hinman staff again. Nothing happens without their work and they do it better than anyone else.

I invite you to join me in celebrating another great Hinman year at our annual meeting in Hilton Head Island at the newly renovated Sonesta Resort. Our chair, Dr. Evis Babo,

Hinman 2016 attendees "Discovered the Difference!"

Jim Roos

Unity of purpose, Hinman members get it! Thanks to the Hinman members who gave it their all for Hinman 2016. I have heard nothing but positive comments from our guests about the meeting this year. I believe it's all about our membership and how we treat those who attend. The pride we have for Hinman's tradition and reputation was evident in all aspects of the meeting. It is what makes us different.

The Hinman Dental Meeting would like to thank the following companies for providing materials for the 2016 Participation Courses:

It takes a total effort from all of our membership to create the Hinman experience and this year was awesome! The professionals who were seeking CE raved about the speakers and courses, the speakers praised their excellent hosts and everyone was extremely excited about the social programs.

Our continuing education program was consistent with the Hinman tradition of excellence. Thanks goes to Brad Greenway and Kate Robinson for the major role they played in creating it. We had more than 20 new speakers and focused on incorporating topics related to total health. The new mini-residency courses in geriatrics, pediatrics and cone beam were well received. The debut of the Health Pavilion on the exhibit floor, which featured three CE hours per day, was also a big hit. Kate Robinson did a fantastic job leading the G.O.L.D. 2.0 committee. We had a fabulous lineup of speakers with our own Wayne Kerr acting as speaker and emcee. We also had great responses from our S.I.L.V.E.R. attendees. We intended for some things we did this year to aid future general chairmen while preparing their meeting.

Captain Phillips' keynote address delivered a great message regarding personal strength and faith in ourselves. Everyone loved the GC&P reception at the Delta Flight Museum. Thanks to our committee chairmen for making the bus 'flight' fun and memorable for the passengers. "Hinman's Night Out: Dancing in the Dome" was a blast. Our own Laura Steele is personally responsible for at least 95% of that party. The band was incredible, the costumes, activities and games were super fun and the Go-Go dancers rocked the house!

It is an honor to be this year's General Chairman and I am humbled to hold this position for such an outstanding event. The scope of our meeting is staggering and it takes so many committed individuals to make it happen. I am truly in awe of the Hinman staff and all they accomplish for each Hinman meeting. Thanks to all committee chairmen and the dedicated involvement of all Hinman members. Everyone is part of our success and I wish every member could hear all the fantastic

things that are said about Hinman at other meetings. Being involved with Hinman is a source of pride and you all should feel positive about this organization and your contribution to it. It is important for all of us to be united each year to produce another "Best Hinman Ever!" You make Hinman different. Thank you!

THANK YOU thank you THANK YOU

Dr. Jim,

If I had to pick one word to describe my first experience speaking at the Hinman it would simply be, wow! I knew of the meeting's reputation for excellence. I had heard tales about real southern hospitality. I had no idea that the Hinman had taken both to an entirely new level. The warm and caring tone displayed by everyone associated with the meeting was remarkable. It came across from the limo driver to the A-V tech to my host, Don Correll. I have been fortunate enough to lecture throughout the US and internationally. From Ypsilanti Michigan to Kemorovo Siberia and all points in between, I have never experienced the wonderfully reaffirming feelings I got while at the Hinman.

Please realize that all of your efforts are greatly, greatly appreciated. The exchange of knowledge, friendship and joy was amazing. It made me feel good about dentistry. I came to the Hinman expecting to give a few lectures. I left a better lecturer, better dentist and better person. I am sure that the effort to make speakers and attendees so well taken care of does not happen by chance. In an age where interaction typically occurs through an increasingly impersonal information super highway it was wonderfully reaffirming that there are people that still care about personal attention. Thank you for a wonderful experience.

Thank you for the amazing opportunity to come visit Atlanta and attend the conference. I learned so much and really enjoyed the CE courses I attended. I also really appreciate the Hinman Scholarship. It's an honor to be a Hinman scholar, I am definitely planning to attend the conference next year. Dear Hinman Dental Society,

I was very happy to learn that I was a recipient of the Hinman Dental Society Scholarship for Dental School. After attending the conference and enjoying your generous hospitality, it means even more to me now! Thank you so much for your generous financial and educational support toward my dental degree. By awarding me this scholarship, you literally answered a prayer. My wife and I have a 4 month old son and the culmination of taking time off work and bills were starting to add pressure to an already stressful time. Your amazing generosity has allowed my wife and me to concentrate on what is important. The charitable nature of the Hinman Dental Society has affirmed my decision to pursue a career in dentistry. I look forward to be able to help other dental students achieve their goal just as you have helped me.

Sincerely,

Blake Lewis Tollison

DEAR HINMAN FOLKS,

3/21/16

Congrats on an incredible Hinman Dental Meeting.

I want to sincerely thank you for the wonderful opportunity to participate, as a featured speaker, in our Hinman Dental Meeting. This meeting was so much fun, from Captain Phillips to the Delta Museum and then the event at the Georgia Dome. All I can say is WOW!!! Jim Roos and the Hinman put on the best dental meeting I have ever had the privilege of attending and being part of. It is very special when my wife, Phyllis, said to me, "I can't wait till next year's Hinman, and seeing Nancy and Albi again".

So as a speaker and a Hinman member I just wanted to say thank you for allowing my wife and I to be part of something so very special which we call THE HINMAN SPORTS BEST RECORDS, Lee Silverskind.

HINMAN CHAIRMEN – THE SPOKES TO THE WHEELS THAT KEEP OUR MEETING RUNNING SMOOTHLY

The Hinman Dental Meeting exemplifies true southern hospitality to its attendees through the hundreds of members who work in many different capacities over the three day span of the meeting. The members who work have the leadership of the committee chairmen that keep them informed of the meeting activities and are there to assist in any way during the meeting. A chairman position is considered an honor and the “black jacket and tie” are coveted wardrobe items given to those members who have shown dedication and dependability within the society. We would like to highlight a few of our chairmen from the 2016 meeting and their accounts of the journey to becoming chairman and their personal experiences.

Darryal McCullough

Dr. McCullough served last year as a coordinator and this was her first year as chairman. She has worked hard to move up through the ranks of the society and putting on the black jacket for the first time this year was a personal milestone for her career in dentistry and personal best for her experience as an African American woman who strives for excellence and attention to detail. Her sponsor to the society was Dr. Bruce Shropshire, who she thinks would be proud to know that the organization he loved so dearly is evolving and embracing change and diversity.

David Marion

Dr. Marion has been a chair of one of the Friday night parties for three years. His most memorable experience was as the emcee

of the Friday night Dome party this year, as he enjoys speaking in front of crowds. Being a chairman has been “tons of work, rewarded with fun and a true sense of accomplishment” for him. He suggests hard work, dependability, creativity and “the ask” are the keys to moving up in the society. Dr. Dan Dunwody was instrumental to getting Dr. Marion more involved as a host and things have moved upward from there.

Patrick French

Dr. French has been a chairman for four years and feels a greater sense of pride about the society from his experiences as chairman. Working behind the scenes, he appreciates the amount of work that so many people invest in the meeting to make it happen. He’s also made a lot of friends from people he comes into contact with throughout the meeting. He advises people wanting to move up to never say no if asked to complete a task and do your job to the best of your ability.

David Anderson

Dr. Anderson has been a chairman for eight years. He was introduced to Hinman through being an associate of Dr. Jim Bob Williamson, who was an excellent mentor for him and he was able to gain a better understanding and appreciation of what the society was all about. He suggests everyone to be active at Hinman events. Leadership positions at Membership Meetings or the Annual Meeting could lead to leadership at the March meeting.

Roy McDonald

Dr. McDonald has been a chairman for ten years and considers it “absolutely fantastic to be associated with my colleagues at Hinman and interact with the meeting’s attendees.” Dumpster diving to retrieve some pig jaws has been one of the more unusual tasks he has had during his time as a chairman. Being a chairman has helped him to “understand the involvement and preparation for a successful meeting and appreciate the Hinman experience even more.”

Gerrit Hagman

Dr. Hagman has been a loyal committee chairman of Hinman for at least 32 years, 21 of which have been hosting the Hospitality suite at the Omni Atrium. He has learned that the development of a strong relationship with the staff of the Omni is crucial to the success of the suite and there is a mutual appreciation of both the staff and the Hinman guests that makes the work more fun each year. Being a chairman has given him “a real sense of family in the dental community and fine-tuned his skills in leadership, organization and conviviality.” He encourages members and their spouses to get involved and become a part of the Hinman family, be fun and be a friend.
