Looking Forward to 2020

Dr. Sedgie Newsom

It's hard to believe that 2019 is almost over. What a great Hinman year we've had!

Jonathan Dubin's March meeting, "The Beat Goes On..." was a huge success and so well received by all of the attendees. Roy McDonald's summer meeting at Pinehurst seems like just yesterday. It was a fun-packed, well-planned weekend that served as a great reward for all of our membership's hard work in March. The lectures by Dr. Gerard Chiche and Dr. Susan Muller this fall were fantastic and the kind of continuing education that we, as Hinman members, are privileged to enjoy.

Speaking of Dr. Muller's lecture on November 11th, I hope you enjoyed it as much as I did. She rocked the house back in March at the Hinman meeting, and I am grateful that she agreed to speak to us for our November Society Meeting. She didn't disappoint and she delivered an engaging and informative lecture.

Let me give a big shout-out to this year's Program Chair Slade Lail and Hospitality Chair, Laura Dameron. They've done a tremendous job and I greatly appreciate their keen attention to details and expert help!

One of the requirements for Hinman membership is to attend at least one of the three Society meetings during the year. If you missed the first two, you're still in luck. Hinman favorite, Dr. Hal Crossley, will speak on drug misuse and interactions for our January 16th meeting at the Aquarium. Hal's lectures are always a huge hit with attendees so be sure to sign up early and bring your entire staff. This lecture will also satisfy your dental license requirement for opioid training.

Katie and I had the distinct honor and privilege to represent Hinman in Memphis at the University of Tennessee Research Symposium the first weekend in November. I got to serve as an ambassador for Hinman and to present Dean Ragain a gift of \$65,000 as our sponsorship of the Symposium for the 25th year in a row.

Dr. Mustafa Dabbous, who is an honorary member of Hinman, was our fabulous host for the weekend. The hospitality that he and his staff offered us

was purely in the vein of Dr. Hinman's style. Just incredible!

One hundred of the brightest dental students from around the US and Canada came together at the Peabody Hotel to present their award-winning research topics in hopes of winning this competition. Two of the eight winners earned the honor of presenting their research at our Hinman 2020 March meeting. To get to know these students and to see their presentations were true highlights of my President year. It's comforting to know that the future of our profession is in such great hands!

Registration for Bob O'Donnell's upcoming March Meeting, Come Home to Hinman – Where Teamwork Meets Success, opened on December 10th. Be sure to go online and get your staff registered. After receiving the First Look publication that came out in October, it's hard not to be impressed with the tremendous lineup of speakers, many of whom are making their first visit to Hinman.

Committee assignments and meetings will be cranking up over the next few weeks. Be sure that you've got your assignment and if you don't, call

the Hinman staff and get signed up for a committee. Working eight hours at the meeting entitles you to one free night of lodging at our Annual Meeting in Asheville, NC at Grove Park Inn, May 29 – 31, 2020.

When you have called the Hinman office, the first person that has been greeting you in a cheerful voice was Ashley Allen. Ashley has been a pleasure to work with and is always quick to respond and has great attention to details. She's recently engaged and has relocated to Connecticut. Caitlyn McKinnon has taken Ashley's place at the Hinman office and has some big shoes to fill. Be sure to give her a warm Hinman welcome when you meet her. Welcome Caitlyn; farewell and best wishes, Ashley!

I hope that everyone has a wonderful holiday season and cheers to a great 2020!

General Chair's Message

It Takes A

TEAM!!!

Dr. Bob O'Donnell

The years of planning Hinman 2020 are now behind us. The loose ends have been tied. The Pre-Registration book has now been distributed, and the online meeting registration is now busy and active. It feels like we're throwing a grand party, and now we're just waiting for our guests and friends to RSVP! Honestly, I'm always excited during this time of the year, when our office team members begin looking at the Pre-Registration brochure and start to identify their favorite Hinman courses. Over the years, they've come to appreciate the top-notch continuing education courses that Hinman offers. They enjoy switching gears in the evenings, as they attend the fabulous and unique social events we offer after classes are over.

This is now the time for TEAMWORK! Thanks to each of you for what you will do for Hinman 2020. You are what makes Hinman a success each year. When Hinman scouts travel to other dental meetings around the country, folks consistently ask how the Hinman Dental Meeting manages to run so smoothly each year. We simply explain that Hinman members have a generous, unassuming, Southern hospitality

ingrained in them. Our predecessors have taught us well - to go beyond what is expected, and we in turn teach those who come after us to do the very same. We are polite. We are enthusiastic. We are generous. This is who we are.

We are proud to present Colonel Nicole Malachowski (Ret.) as this year's Keynote speaker! Col. Malachowski will share her personal story of how she has overcome obstacles to reach the soaring successes in her career. If you need a committee assignment or if you have any questions, please contact Lynn Leidel in the Hinman office. Each Hinman member and an adult guest are eligible to attend Hinman's Thursday evening General Chair and President's Reception, which follows the traditional keynote session, if you attend your committee meeting and serve onsite. Please reference the 2020 committee meeting dates in this newsletter.

Drs. Jane Puskas and William Rousseau have assembled the best speakers for Hinman 2020! Make sure your staff and your lab techs are registered for the meeting. We will have all of the staff tracks on Thursday this year to allow each practice to take courses together as a TEAM on Friday and Saturday.

The Go Track is the updated program for recent dental school graduates. On Friday afternoon, Dr. Sully Sullivan, also known as the "Millennial Dentist" podcaster, will discuss a wide variety of topics for new dentists. Ms. Janice Hurley and Dr. Uche Odiatu will headline Friday's Hinman Luncheon, including CE credit for their presentation, "Timeless Body-Ageless Mind." These two friends

have prepared this presentation exclusively for Hinman 2020. Later on Friday, Janice will also lead a women's dentist group discussion.

Hinman's Night Out will be at the Tabernacle and will feature the famous band, The Rupert's Orchestra, a local Atlanta favorite! The Tabernacle has four floors of rooms to explore and enjoy. We promise lots of great music, delicious food & beverages and fun! No costumes needed this year, just dress for a great concert!

The Exhibit Floor will be open Thursday through Saturday with Exhibit-Floor Only Hours on Thursday from 3-5 p.m. and Friday from 5-6 p.m. We encourage all Hinman members to support our exhibitors by visiting the floor often, and by purchasing important supplies and equipment during the meeting.

Last, but very important - thank you to the spectacular Hinman staff! Executive Director, Sylvia Ratchford, and her talented team have been a constant and valuable support in the planning of Hinman 2020, and we consider each of them exceptional in their positions. And, thank YOU again for your individual contributions to the success of Hinman 2020! Our theme this year, "Come Home to Hinman - Where Teamwork Meets Success," was so natural. Attending Hinman each year IS like coming home. It IS a Homecoming. Let's now all work together as a team to make it a great success!

All the best,

For years, the leadership of the Hinman Dental Society has honored those members who have maintained their membership for 30 years with a commemorative Hinman Lapel pin with three garnet stones. For those who have maintained their membership for 40 years, a marble plaque is presented, and for those with 50 years of membership, a lapel pin with 5 purple stones, representing the color of dentistry, is presented. This year, the Society recognized the members who have maintained their membership for at least 60 years with a plaque and a scholarship in their name. Hinman Student Research Symposium Turns 25

This month marked the 25th anniversary of the Hinman Student Research Symposium held at the University of Tennessee College of Dentistry. Hinman has been a sponsor of the event since its inception. The event features oral and poster presentations of research projects by dental students and graduate trainees from dental schools across North America. Over the years, the event has grown in size and prestige. Dr. Martha J. Somerman, Director of the National Institute of Dental and Craniofacial Research (NIDCR), was the Keynote Speaker. She spoke on the role of the NIDCR in conducting and promoting research as well as in collaborating with practicing dentists on interesting cases that often lead to new insights into human oral and systemic health. This year's Symposium featured 107 students representing 54 dental schools in 30 states, the District of Columbia, Puerto Rico and five provinces of Canada.

Dr. Dan Dunwody was selected as the Gold Lifetime Award recipient last March. He presented \$5,000 to the Emory University Department of Oral and Maxillofacial Surgery. The school was chosen this year, in part, due to their continued support of the Atlanta dental community, especially the maxillofacial surgeries performed at Emory University. These funds will support continuing education for the residents in combined restorative and surgical cases. The gift was accepted by Dr. Steve Roser, the department head and Director of Specialty Programs at Emory.

Jane Puskas and William Rousseau to complete their program planning and put together a great course schedule for Hinman 2020. The pre-registration brochure is almost complete and will be mailed out next month. Registration for the Meeting will open December 10th. Committee Meetings will be scheduled soon. He asked all active members to work their committee assignment, as well as to invite friends and colleagues to "Come Home to Hinman". Dr. O'Donnell is hopeful to have increased attendance at this year's meeting, while providing the best education possible.

HAROLD L. CROSSLEY, DDS, MS, PHD

Professor Emeritus at the University of Maryland Dental School and a native of Rhode Island, Dr. Crossley received a Bachelor of Science degree in Pharmacy from the University of Rhode Island in 1964. He later was awarded the Master of Science (1970) and Doctorate degrees (1972) in Pharmacology. The University of Maryland Dental School in Baltimore awarded Dr. Crossley the D.D.S. degree in 1980. The liaison between the classroom and his part-time dental practice produced a practical approach to understanding the pharmacology of drugs used in the dental office. Drawing on this unique background, Dr. Crossley has become nationally and internationally recognized as an expert on street drugs and chemical dependency as well as the clinical pharmacology of dental drugs.

Pharmaceutical and Street Drug Abuse and Their Impact on You, Your Family, and Your Dental Practice

Opioids, alcohol and marijuana are the big three in most discussions of substance abuse but what about synthetic opioids, cannabinoids (K-2), cathinones (Bath Salts), toad licking, nutmeg, mushrooms and over the counter (OTC) medications. This brief three hour lecture explores the new threats of substances that can be obtained via the internet, new information on the use and abuse of marijuana, the current climate of our opioid crisis and their influence on you, your family and your dental practice. This lecture will also fulfill the Georgia Board of Dentistry CE requirement.
