President's Message

Welcome Back!

Dr. Sedgie Newsom

Welcome Back! The summer has flown by and it's that magical time of year when everything "Hinman" cranks up again.

While we've been enjoying a relaxing summer of sun and fun, Dr. Bob O'Donnell and his program chairs, Drs. Jane Puskas and William Rousseau, have been hard at work putting their final touches on this year's March 2020 meeting, ***Come Home to Hinman***. Bob and his team are assembling another all-star lineup of outstanding speakers and exciting activities. Their meeting promises to be the "Best Hinman Ever." Best of luck to Bob, Jane and William!

What a fantastic Hinman Dental Meeting we just concluded with Dr. Jonathan Dubin's 2019 meeting, ***The Beat Goes On: Dentistry & Your Systemic Health!*** Dr. Dave Lee and I had the distinct honor to serve as program chairs for Jonathan. The emphasis of the meeting was on heart health and its link to dentistry. Jonathan and Dave had such incredible foresight to select this cutting edge theme three years in advance. Congratulations to Jonathan and the entire Hinman family for such an outstanding program!

This year for our three Society meetings, Dr. Slade Lail, my Program Chair, and I have put together what we feel like will be an outstanding series of lectures. We will kick things off with our first Society meeting of the year on Monday, September 16, 2019 with internationally renowned Dr. Gerard Chiche who'll be speaking on Cosmetic and Restorative Dentistry.

For our November 11, 2019 meeting, Dr. Susan Muller will speak to us on "Distinguishing the Benign From the Deadly: An Oral Pathology Update." Dr. Hal Crossley, an honorary Society member and an all-time Hinman favorite, will conclude our lecture series on Thursday evening, January 16, 2020 at the Georgia Aquarium. Dr. Crossley's lecture will cover street drug misuse and will satisfy the GA Board of Dentistry's mandatory biennial Opioid lecture requirement. Please bring your staff!

Please remember that all active, non-emeritus Hinman members are required to attend at least one of the three Society meetings during the year, but I hope that you'll make plans to attend all three!

I'd like to congratulate Dr. Roy McDonald on his outstanding service as our past President. His guidance and hard work on behalf of the Hinman Dental Society were truly remarkable. Roy has tirelessly served as our Society's expert on our bylaws and particularly the implementation of our advertising policies. He's been a great resource and a tremendous mentor to me. Many thanks to Roy!

While I'm thanking Roy, I'll also give a shout out to him for all of the hard work and planning that went into our summer Annual Meeting held at The Pinehurst Resort in June. It was a great time of fun and fellowship where we were able to celebrate the success of our March meeting.

Speaking of the summer meeting, I'm pleased to announce that the Annual Meeting next year will be May 29-31, 2020 at the Grove Park Inn, Asheville, NC. Remember, that as a reward for working at least eight hours at the March meeting, you'll get your registration for free, as well as, one night of free lodging, compliments of the Board of Trustees. Everybody loves Asheville and the Grove Park Inn, and we'll have a lot of fun activities planned for the entire family as we celebrate the success of our March meeting.

Everyone in Hinman and at dental meetings around the country know what an accomplished and dedicated staff that we have but it's worth repeating again what an outstanding job that our Executive Director, Sylvia Ratchford and her dedicated team do for us all year long. They handle every conceivable detail to give our Society prestige and the reputation as the Augusta National of dental meetings. Thanks to Sylvia, Lynn, Jackie, Britney, Wendy, Stephanie and Ashley for all that you do for us and for all the support you're providing me!

General Chair's Message

A Hinman Homecoming!

Dr. Bob O'Donnell

"Come Home to Hinman!" Between now and March 2020, we hope you hear this invitation over and over again, as the 108th Thomas P. Hinman Dental Meeting gets ever closer. The next Hinman Dental Meeting, held March 19-21, has been in the works for nearly three years. Thanks to program chairs, Dr. Jane Puskas and Dr. William Rousseau, the very finest speakers have been reserved to complete a fantastic, well-rounded program. Our tagline, "Where Teamwork Meets Success" flows through every aspect of the meeting, from the collaboration of dentists and their teams, committee chairs and their members, and our talented Hinman executive staff.

The Hinman Dental Meeting just has a unique and special feel to it. A feeling of familiarity. A feeling of old friends. A unique comfort level unlike that felt elsewhere. Personally, I feel it every time I come downtown from the northern Atlanta suburbs to attend the meeting each March. Visiting speakers also experience the Hinman difference and often comment on how special they are treated while they're here with us. As General Chair this year, I want each and every attendee to feel this as well. Let's all treat the 2020 Hinman Dental Meeting as a Homecoming! This year, let our Hinman reunion focus on our personal relationships, our decades of memories together and our common threads. Your personal choice each March to "Come Home to Hinman" for your continuing education and professional growth is much appreciated and valued.

Each year, on the Friday afternoon during Hinman, we host a number of dental school reunion socials. Several years ago, I had the privilege of attending each of these socials. My task was to welcome folks and to express our appreciation for each guest's Hinman meeting attendance. By attending these events, I learned that most of us love reconnecting with former classmates, with former professors and with former work partners. We are grateful that the Hinman Dental Meeting provides these opportunities

for us. Don't forget to invite your colleagues to Hinman 2020! Let them know that this is a Homecoming year!

For Hinman 2020, we have invited many superb speakers who have consistently attracted loyal followers over the years. Most of these veteran speakers will debut brand new course topics, always keeping our attendees on the leading edge of dental education. We will also host a number of brand new speakers, each one excited about sharing his/her unique category of expertise with our attendees.

In the next several months, you may read about some new track ideas for the meeting. We've thoughtfully arranged the program to appeal to the whole dental team, truly believing that dentistry is indeed a team sport, where each individual player should be fully engaged.

Trying to keep things fresh, the social events for the meeting will change. The General Chair and President's Reception will be held at the College Football Hall of Fame. We are beyond thrilled that Nicole Malachowski, retired United States Air Force officer and first female pilot selected to fly as part of the USAF Thunderbirds, will be our keynote speaker. I know her story will leave a lasting impression on each of us. Hinman's Night Out on Friday will be at the Tabernacle. Be prepared for a tremendous party with lots of dancing and the best in food and drinks.

The Hinman Dental Society keeps getting bigger and better, and our March meeting does as well. We are counting on you to commit to Hinman, sign up for a committee, work enthusiastically with your team and have fun!

Let's each make Hinman 2020 a homecoming for Dentistry. Let's make it a celebration of old friends and new. Let's make Hinman 2020 that place where "everyone knows your name"!

All the best, *Bob*

HAVE YOU HEARD A GREAT SPEAKER?

The Hinman Program Committees are always looking for new and engaging speakers to bring to our Hinman Dental Meeting each March. If you attend a local or national dental meeting and hear a great speaker, please let the 2021 and 2022 program teams know. We value your opinions and want to hear from our members.

Check out courses you may have missed at Hinman!

The annual Hinman Dental Meeting is more than just an educational event. It's a three-day whirlwind of activity, education, and inspiration! Some of the best speakers in the industry gather to share their insight on important subjects such as TMJ, implants, office management, marketing, and the future of dentistry.

With so many options and so many wonderful speakers, it can be a challenge to absorb all the information in just a few days. Playback Now plays an important role in the continued education of Hinman's members and attendees. Playback Now essentially turns a three-day dental meeting into a year-round, crystal-clear learning opportunity.

Playback Now is a conference recording company based out of Norcross that travels to educational meetings and captures the sessions on audio and/or video. These recording packages allow people to listen to or view the sessions that they might have missed in their own time from their own devices. Playback Now has recorded Hinman courses since 2011 and been in the conference recording business for more than 40 years.

Here are the top ten most watched 2019 sessions that you might have missed while working on a Hinman committee:

10. Occlusal Disease, Occlusal Examination, Adjustment and Splint Fabrication – Dr. Van Haywood
9. A Partial Course on Partial Dentures – Dr. Nader Sharifi
8. Conscious Sedation Permit Update – Dr. Michael Pruett
7. Everyday Oral Surgery for the General Practitioner – Dr. Alan Jeroff
6. The Future of Dentistry – Dr. Charles Blair
5. Implant Solutions for the Edentulous Patient – Dr. David Little
4. Offensive Prevention – Dr. Brian Novy
3. A Guarantee of Arterial Wellness: The Bale Doneen Method and the Critical Role of Oral Health – Dr. Amy Doneen; Dr. Bradley Bale
2. Endo for GPs: Better, Faster and Safer Root Canals – Dr. Manor Haas
1. All TMJ Patients are NUTS, Right? How to Evaluate, Diagnose and Treat the Most Common TMJ Problems – Dr. Jamison Spencer

Ole Miss Alum & Champion Golfer, Dr. Sedgie Newsom, Named Hinman Dental Society President

By: Kim Donovan

If anyone is a kindred spirit of Dr. Thomas P. Hinman, it's Dr. Sedgie Newsom. It's not just a passion for dentistry they share, but an intense love of the game of golf. In fact, Dr. Newsom is a member of the Druid Hills Golf Club, the same club Dr. Hinman was a member of a century ago and served as club president from 1922 to 1925. Dr. Newsom has served on both the Golf and Greens Committees and heads up the Tournament Committee at the club. One of his greatest achievements was winning the The Druid Hills Golf Club Senior Championship this past year. He said, "It was undoubtedly the hardest thing that I've ever had to work for to achieve...my feet still haven't hit the floor!"

But, his greatest accomplishment, he says, is raising his son, John, as a single parent. John, who is the lead technician for a large BMW Motorcycle dealership in Greenville, S.C., recently married Kylie Padron. His daughter-in-law is on the faculty of the School of Nursing at Clemson University.

Dr. Newsom and his wife Katie love to travel, but they don't get many opportunities since she's a lawyer and he's the only dentist in the practice. But, when he retires, "I plan to take off for six weeks and go to Ireland, where I hope to play golf on every golf course I can find."

Dr. Newsom is a second-generation dentist and fourth-generation medical professional. His father practiced dentistry in Mississippi and his grandfather was a small-town doctor. "I grew up knowing that I was going to be a dentist and I've never been disappointed in my choice of profession. It's been the most rewarding career that I could have ever imagined, and I honestly feel like I've never worked a day in my life!"

As a graduate of the University of Mississippi, Dr. Newsom stayed at Ole Miss and graduated from the School of Dentistry in 1981. He practiced dentistry in his hometown for a few years before moving to Atlanta. He started a practice in Sandy Springs in 1987 and has continued to practice there for 32 years. He loves the detailed work dentistry requires and the fellowship of visiting with patients, some of whom he's known for more than 30 years. If he hadn't become a dentist, however, Dr. Newsom says he would have been an archaeologist. During dental school, his brother who worked for the MS Department of Archives and History got him "a cush" summer job at the Old Capitol Museum in Jackson. His favorite part of the job was going on

archaeological digs. He also is fascinated with Meteorology. "So, when I retire, I'm going to go back to school and take courses in Archaeology, Meteorology and learn how to speak French."

Dr. Newsom is proud to have just received his 30-year Hinman pin. Dr. Gar Hagman, who has always been his mentor, and Dr. Richard Moulton were his sponsors and got him interested in Hinman. He joined the Society in 1987 and volunteered as a Clinic Captain for many years. One year, when Hinman was held at the INFORUM, he served on the Information Committee, but didn't have the slightest idea where anything was

located in downtown Atlanta. A couple of young attendees came up one time and asked him if he knew how to get to Ted's Montana Grille. He just apologized and said that he didn't have any idea. Later, he turned around to look outside the window and right below him on the street was Ted's Montana Grille. That was the last time he served on the Information Committee.

As President of the Hinman Dental Society, Dr. Newsom's goal is to get everyone engaged and excited about the year ahead. "I'm really excited about our lineup of speakers for the three upcoming Society meetings. I think that the members will really enjoy hearing from Drs. Gerard Chiche, Susan Muller and Hal Crossley.

Dr. Newsom feels that what makes Hinman special and distinguishes it from other dental educational meetings is the level of commitment and service that its members provide in the spirit of Dr. Hinman, who demonstrated those qualities and examples of leadership. As he's traveled to other meetings, he said, "Unlike any other dental organization, we use our excess revenue to fund dental education around the Southeast in scholarships and endowed chairs. No other dental entity can match our record of generosity and this is what makes our members so motivated and passionate about the Hinman Dental Society."

Trustee Updates

BOARD OF TRUSTEE ROAD TRIPS

In August, members of the Advisory Committee and Hinman Board of Trustees traveled to The Dental College of Georgia in Augusta to present \$200,000 in scholarships to 40 dental students.

While there, the trustees hosted a reception to personally meet and congratulate the students. The scholarship recipients were selected by the school and include 10 students from each class. The students were selected based on financial need, academic achievement, leadership and clinical work.

“Meeting with the 40 Hinman Scholars at DCG was quite an experience! Giving away \$200,000 of the fruits of all of our society’s labor was a true honor. After spending time with these young students, I left feeling like our profession will be left in great hands in the future!” –Eddie Pafford, Hinman Trustee

Also in August, Drs. Max Ferguson & Eddie Pafford participated in the White Coat Ceremony for the incoming freshman class at The University of Alabama School of Dentistry.

In November, Dr. Sedgie Newsom and a group of Hinman Trustees will attend the 25th Anniversary of the University of Tennessee Hinman Student Research Symposium. This event draws students from all over the country as participants.

We are honored to participate in these dental school activities.

HINMAN & DCG WELCOME A NEW CHAIR

Dr. Kent L. Knoernschild has been named the Thomas P. Hinman Endowed Chair of the Department of Restorative Sciences for The Dental College of Georgia (DCG) at Augusta University. Dr. Knoernschild follows Dr. Gerard Chiche in this position.

Dr. Knoernschild earned his DMD at Southern Illinois University School of Dental Medicine and the certificate and Masters degree in Prosthodontics at the University of Iowa College of Dentistry. After completion of his program, Dr. Knoernschild joined the DCG faculty as an Assistant Professor of Prosthodontics in 1990 rising to the rank of Associate Professor with Tenure prior to his departure in 1997.

He is currently a Professor of Restorative Dentistry, the Director of the Advanced Education Program in Prosthodontics and Co-director of the Implant and Innovations Center at the University of Illinois at Chicago College of Dentistry. He has held the Chicago Dental Society Endowed Professorship since 2007.

As the Chair of Restorative Sciences, Knoernschild will provide leadership and guidance for the department’s teaching, research and service missions for the DMD pre-doctoral program and three Advanced Dental Education Programs. The Thomas P. Hinman Endowed Chair of the Department of Restorative Sciences was established in 2005 by the Hinman Dental Society.

GERARD J. CHICHE, DDS

Dr. Chiche recently completed his 10-year term as the Thomas P. Hinman Endowed Professor in Restorative Dentistry and Director of the Center for Esthetic & Implant Dentistry at the Dental College of Georgia. He is a Past President of the American Academy of Esthetic Dentistry and is also the author of two textbooks in Esthetic Dentistry published by Quintessence Publishing Co.: "Esthetics of Anterior Fixed Restorations" and "Smile Design - A guide for Clinician, Ceramist and Patient". He is the recipient of the 2003 LSU Alumni Award, the 2003 Award of the Seattle Study Club for best dental educator of the year and the 2007 Distinguished Lecturer Award of the Greater New York Academy of Prosthodontics. He became in 2009 the first recipient of the Endowed Chair sponsored by the Thomas P. Hinman Dental Society.

Esthetic Management with All-Ceramic Crowns and Veneers

This program will present a series of treated cases and demonstrate in great details how to optimize esthetic diagnosis and clinical techniques with all-ceramic crowns using various ceramics and porcelain veneers situations.

Emphasis will be placed on esthetic diagnosis and predictability, ceramics selection between lithium disilicate, translucent zirconia or full-strength zirconia for best esthetics, control and simplicity. Cement selection and step-by-step adhesive bonding techniques will also be a focus of this presentation.

Register September 11-15	\$80
Day of Registration (September 16)	\$90

The registration fee includes a three-hour lecture, cocktails and dinner. The fee is the same to attend the lecture only or dinner only. No refunds will be given after September 6. The Hinman Trustees have provided a generous subsidy to offset the \$140 cost per attendee to attend a membership meeting.
