PREVIEW REVIEW

THE OFFICIAL PUBLICATION OF THE HINMAN DENTAL SOCIETY

HINMAN CELEBRATES ITS 100TH WITH 22,708 DENTAL PROFESSIONALS

The 100th Thomas P. Hinman Dental Meeting attracted 1,100 more attendees this year than last – drawing exactly 22,708 dentists, hygienists, dental assistants, students and other dental professionals and industry personnel to the Georgia World Congress Center in Atlanta. In addition, Hinman's Keynote Session had a record attendance of approximately 4,700 – all turning out to see Former First Lady, Mrs. Laura Bush. With the theme, "Celebrating a Century of Excellence," the 2012 meeting featured more than 65 world-class dental experts, 250+ courses and workshops, and at least 400 industry-leading companies.

"It was a tremendous celebration this year with everyone in attendance taking advantage of the parties, the education and the exhibits," said Dr. Allen French, general chairman of the 2012 Hinman Dental Meeting. "If Dr. Hinman were alive today, he would be so impressed with how much the meeting has grown, the quality of the education offered and the traditions he began 100 years ago that we still uphold today."

In addition to a five percent increase in overall attendance this year, the 100th Hinman also attracted more dental hygienists and dental assistants than ever with 7,673 attending the meeting. Many took advantage of the returning, all-day educational tracks for auxiliaries. More than 1,000 professionals attended one of the "Prevention Convention" tracks. In addition, there were over 270 people in attendance at the "Assisting Extravaganza," as well as at the "Business Office Bonanza" tracks.

Introduced this year, the "Emerging Dentist Survival Guide" drew 175 new dentists and dental students on Saturday during the meeting. More than 850 dental students attended Hinman this year and many took part in the Dental Student Reception & Orientation held on Friday afternoon, as well as the two "Parties of the Century" – the Dentist Reception and Auxiliary Reception held later that night.

The exhibit hall also was filled with excitement throughout the three days. The Hinman History Pavilion was unveiled and displayed the evolution of dentistry and the Hinman Dental Meeting. "Dr. and Mrs. Hinman" could be found in the exhibit hall collecting tickets for several \$100 cash prize drawings and the diamond giveaway every afternoon made three lucky attendees very happy. In addition, Delta Air Lines tickets and two resort vacations to Hawaii and Alberta were awarded in special drawings.

"It was a truly memorable Hinman," added Dr. French. "So many attendees expressed their sincere appreciation and shared with me how much they enjoyed the meeting this year. From the first-time participant to those who return year after year, everyone seemed to take part in this special celebration." As a century of Hinman closes, preparations have begun for the 101st Hinman, which will be held March 21-23, 2013. The theme for next year's meeting is "The Next 100: The Tradition Continues..." and Dr. Bradley K. Greenway will be the General Chairman.

Focus on Hinman

Dave Lee, D.M.D.
President

All I can say is WOW! What a great meeting Dr. French and his program chairmen put together for us. And once again, Sylvia, Lynn, Britney, Laura, Wendy, Stephanie and Michelle in our Hinman office provided the coordination that made it all happen. But my biggest "thank you" goes to you - the members of the Hinman Dental Society. From hosting speakers, to giving friendly information, to maintaining professionalism as Clinic Captains, you are the face of hospitality and Hinman. You are the secret that makes Hinman different from any other dental meeting in the world, and it has been a great honor serving as your president this year.

I hope you've made plans to join everybody at our Annual Meeting in June as we cruise together as friends and family. Annual

Meeting chairs Kate Robinson and Michael Long have put together a wonderful program for some family fun in the sun. Please be sure to thank Dr. Billy Callahan and his Board of Trustees for their generous donation to each member's room expenses on the cruise. It's just another one of the benefits of being a member of Hinman.

As my wife Cheryl and I finish our year as your president and first lady, we really do want to say "thank you" for all of your friendship and support. And I know that Dr. Jim Roos and his wife Liz are looking forward to being your president and first lady as Hinman begins its next 100 years. Many thanks and blessings to all of you, and we'll see you on the cruise!

special. Program Chairmen Chip Mohme and Wayne Tadsen created an outstanding educational program. Chip also helped create an outstanding exhibit floor as Exhibits Chairman. I hope you were able to visit the 100 Years of Hinman History Pavilion. Thanks to Dan Dunwody and Charlie Ruhl for their countless hours in creating what I consider the most spectacular display I have ever seen on an exhibit floor.

As a Hinman volunteer, hopefully you enjoyed our General Chairman and President's dinner on Thursday evening. This elegant affair at the Georgia Aquarium was highlighted not only by the introduction of our committee chairs, who I would like to thank for a great job, but also the informative and humorous presentations of Hinman history by William Rousseau and Robert Towe. Great job, William and Robert.

The "Party of the Century" Dentist Reception on Friday night continued our celebration. I witnessed dancing during every song played, so I know y'all had a great time. Jane Puskas led our 100 Year Committee with such great ideas. Also, thank you to President Dave Lee, for leading our Society so well. Your eloquence

and creativity were invaluable with our Keynote "Speech/ Play." Speaking of the Keynote Session, I hope you were able to witness the record attendance audience and enjoy a great speech by former First Lady, Laura Bush.

I have said before that the Hinman Dental Meeting is a well oiled machine that produces "The Best Hinman Ever" year after year. This would not be possible without our fantastic staff led by Executive Director Sylvia Ratchford and you, one of our members, who selflessly volunteers your time. Y'all are the best on Earth!!! Thank you. It's now time to turn our attention to our next century of excellence and get behind our next General Chairman, Brad Greenway!

March 27, 2012

Good Afternoon Everyone,

I hope you all have recovered after a remarkable annual session. It was great. The educational rooms were filled, the exhibit floor was busy and everything looked perfect. You must be congratulated that even in this challenged economy you were able to deliver potential customers to your exhibitors and financial rewards to the Thomas P. Hinman Dental Society.

Your membership really doesn't understand the enormous amount of time and energies that go into making a three day event so successful. As a clinician, I must say that your staff and volunteers were terrific, hospitality was incredible and the warmth and friendship was memorable. It is really a joy coming to Atlanta each year. In addition, your performance Thursday evening and the other activities for your 100th anniversary were superb. Laura Bush was fabulous and the anniversary pavilion on the exhibit floor was beyond educational.

Forget the "diamonds" you were giving out. You have the biggest one in Sylvia. She is terrific, elegant, always smiling and makes everything flow so smoothly. Her staff is incredible. Together they make sure that all the potential challenges that my programs might have are avoided. I also watched as they handled other programs professionally and made sure everything went according to plan.

Please thank everyone for making Sherry and my stay so enjoyable. I hope the attendees enjoyed participating in my programs as much as I enjoyed presenting them. Also, thank you for extending your renowned hospitality to the members of the Greater New York Dental Meeting. I look forward to seeing everyone in New York this coming November and reciprocating with our hospitality. I'm still training the young kid you gave me as my host; in about a decade he'll be ok! Charlie and Janice are just like family.

As for 2013, as requested by Max, I am already working on my Botox and Dermal Fillers clinicians to see if they are available to travel. For Saturday afternoon, how about opening my workshop program for all students? With help we can do 50-75 participants. I took the liberty to walk behind the curtains and thought to increase traffic on the exhibit floor why not put a 300 seat classroom in each back corner for free programs like GNYDM docs. Freeman already knows the specs.

Stay well, travel safely and send my regards to everyone.

Sincerely,

THOMAS R. MCDONALD D.M.D.

Sylvia,
 Thanks to your committee for inviting me to the Hinman Meeting for the landmark 100th anniversary. It was a fabulous event and the continuing education continued to raise the bar. I was fortunate to have my good friend and former host Dr. Eddie Pafford as my host this year. Alice and I thoroughly enjoyed our time with them and it was great to share the 100th anniversary events with one of the great Hinman leaders.
 As I teach around the country, participation courses can cause a tremendous amount of stress. The logistics of shipping, set-up, AV, and takedown can be a nightmare. The Hinman meeting is always such a pleasure because of the professional, experienced participation committee. This year I had a very tight time schedule between a lecture and a participation course. Dr. Slade Lall insisted that I allow them to set-up my room. It proved to be one of the most pleasant experiences of my career. I want to express my sincere appreciation to Slade and his wonderful, hard-working committee for making this a pleasant experience for me.
 Your staff was wonderful to work with as usual. Congratulations to them for developing a seamless online submission process for speakers. In today's world, the online process can actually become more labor intensive if it has not been well designed. Thank you for making the process simple and easy.
 It was wonderful to be there and I look forward to working with you again in the future.

Warmest regards,

Thomas R. McDonald D.M.D.
