At the end of October, I had the honor of traveling to Memphis, Tennessee to attend the 21st Hinman Student Research Symposium at the University of Tennessee. The Hinman Trustees have financially supported the Symposium since it began and the President of the Society is invited each year to attend. The Symposium featured oral and poster presentations of research projects by dental students and graduate trainees from dental schools across the nation. Ninety-four students represented an all-time high of 51 dental schools in 30 states, the District of Columbia and three Canadian provinces. The Symposium was also supported in part by grants from the National Institute for Dental and Craniofacial Research (NIDCR), the Procter & Gamble Company, the University of Tennessee College of Dentistry Alumni Association, the Tennessee Dental Association Foundation and the Colgate-Palmolive Company.

The keynote speaker was Dr. Paul H. Krebsbach, President of the American Association of Dental Research (AADR) and Professor of Dentistry and Biomedical Engineering at the University of Michigan. Dr. Krebsbach presented an overview of the exciting advances in developing bone regeneration to treat human diseases and injuries.

It is hard to believe that it is 2016 already. My mother always told me that the older one gets, the faster time goes by. So Happy New Year to all of our Hinman family.

As we continue to gear up for Dr. Jim Roos’s “Best Hinman ever” in a couple of months, let us thank our staff for all they do by bringing them to our Membership Meeting on January 21st at the Fabulous Fox Theatre. Program chairman, Dr. Clayton Davis, is bringing Mr. Bryan Dodge to speak about team building. People who have heard Mr. Dodge have told me that he is one of the best speakers they have ever heard. It’s a great way to start off the year.

Dr. Steve Hart gave a fabulous presentation at our November meeting. If you attended, it’s not too late to receive your CE credits on the Hinman.org/society website.

The year has been exciting and busy so far. I traveled to the ADA convention in Atlanta, GA 30309, and work eight hours during the meeting. I appreciate all the preparation our committee chair people and members have an interesting and enjoyable assignment. Remember you must sign up and work eight hours during the meeting to be eligible for the General Chairman & President’s reception at the Delta Flight Museum. There is so much for all of us to learn and enjoy with each year’s meeting.

I am excited about Hinman 2016 and the fabulous line up of speakers and events we have planned. Tremendous thanks to Brad and Kate for serving as program chairs for this year. We are doing a few different things to complement our tradition of excellence in our education program.

We have ‘mini-residencies’ in geriatrics and cone beam technology, as well as a pediatric partnership with Children’s Healthcare of Atlanta. These courses have an expanded format that will allow interested attendees to gain a deeper understanding of those phases of dentistry as they continue to grow in importance.

We are again committed to attracting students and young dentists with our G.O.L.D. program, career connections and free or reduced cost courses.

We have a wide variety of hands-on and participation courses as well as the popular sought after lecture topics from the top presenters in dentistry. Speakers from all over the country love our meeting and are always excited to present. I feel they have “Discovered the Difference” and our reputation for exemplary hospitality is something we all should be proud of.

This year we are mixing up our social events as well. Friday night we are combining the dental auxiliary party and the dentist reception. Thanks to creativity and organization by Laura Steele, "Hinman’s Night Out: Dancing in the Dome” will include dentists, students and staff in a more causal atmosphere at the Georgia Dome. The night will feature live music with “Stairstruck,” a Las Vegas style show band, who will play popular favorites for all ages. There will be food and drinks, games, prizes and tons of fun. Be sure you register for this exciting new event and also promote it to your dental friends and colleagues. Let’s make this a BIG celebration! Registration is underway. Please look over this year’s awesome pre-registration publication (thanks to a major effort from Lyn Leidel). Take time to thoroughly familiarize yourself with 2016. I think you’ll find interesting and useful tips that you can use as you promote Hinman.

Don’t forget to save your dental purchases until the meeting. Our exhibitors are major partners in the success of Hinman. Special thanks to Wendy McGrath, our exhibits manager, who is the best at what she does.

We should all take pride in our Hinman membership! Talk to your friends and colleagues about our meeting. There is fantastic value for CE, the unmatched hospitality provided to our guests, the great Thursday night reception in Atlanta and the valuable deals available on the exhibit floor.

It takes every one of us to make our meeting successful. Each job is just as important as the next and each of us are responsible for the "Hinman Brand.”

Thanks to all!
Many years ago, the leadership of the Hinman Dental Society decided to honor those members who had maintained their membership for 30 years with a commemorative Hinman lapel pin with three garnet stones. We have expanded the tradition to include a 40 year marble plaque and a 50 year lapel pin with 5 purple stones, representing the color of dentistry. The significance of these recognitions is to formally thank and give distinction to those who have worked for many years to maintain and enhance the excellent reputation of the Society, as well as the Hinman Dental Meeting.

Member Committee Service
As a reminder, Hinman members are required to serve on a committee for the March Meeting. Several member benefits are available to those who serve on committees. In order to receive complimentary registration to the March Meeting and also the Society Annual Meeting in June, members must be signed up for a committee. Members who attend their committee meetings will be invited to the General Chairman & President’s Reception on March 17 at the Delta Museum. Those members who do not serve on a committee during the meeting and have an unexcused absence will be placed on probation for the following year with their membership revoked after two years of non-service. Contact Lynn at lleidel@hinman.org for any questions regarding committee assignments.
21st Annual Hinman Student Research Symposium Review (Continued from cover)

Two winners will be invited to join us next March at the Hinman Dental Meeting to present table clinics on the exhibit hall floor. Eight awards were given for the most outstanding student presentations, four in clinical research and four in basic science research, in addition to an award from the National Students Research Group (NSRG) of the AADR. Two winners will be invited to join us next.

Paul Isler’s daughter, Maggie and her family, Will (husband), William and Forrest (brothers) welcomed Abigail Lindsay Kilgore on November 30.

GET TO KNOW YOUR SOCIETY–SOCIETY TASK FORCE

– David Anderson, Editor

As our Society continues to move into its second century, a forward-looking task force has been formed to review the current function of the society and establish parameters, guidelines and goals for the future. The Task Force has had three meetings thus far, with the overall topics of society membership, society events and functions and the Thomas P. Hinman Dental Meeting.

We have discovered through the task force that there are some important benefits and obligations of your society that we need to raise awareness of to the membership. We will detail these topics in the upcoming issues. Also, from these meetings, some interesting numbers and trends about the society have emerged, which include:

- The number of Hinman members has shown steady growth and is currently at 850. Since 2007, we have averaged 32 new members per year. Factoring in the loss of members, we will be close to 1,000 members within 10 years.
- The average attendance for the September and November membership meetings over the last 10 years is 187. At the January meeting, including the staff, the average is 394. The benefits of attending are three hours of CE, a fabulous meal and parking. The Trustees offset the expense for our members by paying more than half of the cost. Your next opportunity will be January 21 at the Foxtail hear speaker, Bryan Dodge. Every member is required to help at the meeting in March. Choose a committee and serve eight hours. Many members do more than this. The day(s) that you work, parking and breakfast and/or lunch is provided. This is also your ticket to the General Chairman and President’s Reception at the Delta Museum.

You joined this group because you see the value in associating with other dentists. You joined this organization because you see the need to assist in providing world-class education to others in our profession. You joined this society because you see the betterment of the future of dentistry through the donation of scholarship money for the next generation of dental care providers. The Hinman Dental Society is truly a special group of people. Let’s make it better.

A survey will be sent out soon to all of the membership. Please take the time to complete it. You are forming the future of the Society for the next 100 years.

**Lecture Topic:** How to Have Your Best Year Ever

Professional speaker, author, business consultant, and radio show personality Bryan Dodge will open your mind and heart to help you focus on what is most essential aspects of life. Most importantly, Bryan will help you identify your full potential with your family and career. To accomplish this goal, Bryan reaches a stair-step method on how top producers and effective leaders keep on the cutting edge and achieve excellence. Bryan's message on professional growth and personal development focuses on four key areas. First, he will show you how to have your best year ever with his EAT Philosophy. Second, he will coach you on how to create consistent upward growth in your life. Third, he will energize you with life-changing humorous stories that will move you to take charge of your own personal growth. Bryan will use his audiences through his own gift of inspiration and encouragement that helps give a clearer vision to make right choices. The best part of his message is that his delivery style makes learning fun and memorable!
